

Back to School Cryptogram

To solve cryptograms, remember that each letter shown below represents another letter of the alphabet. For example, in this cryptogram, X might represent J. That doesn't mean that J represents X. But it does mean that every X will always represent J in this puzzle.

If you need more help, please see these [tips for solving cryptograms](#).

1. MIMQF

7. FLCQF

2. MQKTWC

8. CLKTY XGS

3. HBIMCQF

9. XGGPH

4. TFIDGKH

10. TICTLCIBGF

5. XITPMITP

11. CIMBGM

6. XWKAQF

12. WKAQS TIFAH
